

Approximately 48 of the 61 families at CSI responded to the survey. Please note the discrepancies in total numbers are reflective of unanswered questions. The last five questions were on a second page and not all parents responded.

Results from Initial School Survey

Our 1st Four Weeks

Survey Question Comments :

- Question 1 - Haven't seen written standards or expectations for my child.
- Question 3 – Don't know yet.
- Question 4 – Needs to be more challenging.
- Question 7 – Personal work schedule.
- Question 8 – Fantastic !
- Question 10 – So far so good. It's early but my expectations are high.

General Survey Comments :

We love CSI ! What a joy and blessing to have the next new generation of education right here in our own back yard in the country! Thank you for being so open and wonderful and bringing the new healing for today's "separation and wounded ness" of society. We need to teach children love, responsibility and open mindedness to bring forth our next generation of "love/light workers" on this planet !

We would like more information on the Math & Science curriculum program.

Please have curriculum night stay on schedule. I want to attend, but it has to be on time.

Please continue to do whatever it is that keeps our two children interested and wanting to come to school ! Thank you so much, Stacie and Chris.

I wish there were more options for lunch.

It has been a wonderful four weeks so far. Keep up the excellent work! Dr. Samuels is superb! We couldn't have asked for a better instructor/teacher/guide. Our Director has it all! Wisdom, compassion, integrity and vision. Our administrative staff, caring, prompt, can answer any questions and are always willing to help and offer smiles. We could not have asked for a better place for our child to learn and grow.
