

August 12, 2008

Dear Families and Friends,

I am very excited to join you and your children at Carolina School for Inquiry! I would like to introduce myself, as I will be student teaching second/third grade with Mrs. Boulware this semester. I am a senior at USC and I am from Charlotte, North Carolina. My older sister is in graduate Physical Therapy school at East Carolina University. I love to travel, cook healthy foods, run, shop, and read. I love being with children and taught two year-old preschool at Shandon Presbyterian this summer. After graduating next May, I hope to teach for a few years and then go back to school to get my Master's degree in International Education or a related field, to help establish and maintain early childhood programs in developing countries.

I love and respect children as individuals and honor their differences. I believe that children are both learners and teachers, and likewise for teachers. It is my greatest hope that my time at CSI will teach me how to partner with families in order to help your children learn and grow.

I look forward to meeting and getting to know you and your children!
Sincerely,
Hana Pockat
