

Dear Families,

I would like to welcome you to my Primary class at the Carolina School for Inquiry! We have so much to look forward to this year. I am excited to get to know you and your children. I look forward to learning alongside them this year. I will be assisted by Mrs. Isabell Willis-Faust. She will be in our community three days a week and then work her normal guidance job the other two days.

I would first like to introduce myself. My name is Heather Dimery and this is my second year at the Carolina School for Inquiry. Last year, I taught one of the Early Elementary classes. I have also taught children in both second and third grade before coming here. I have teaching experience with children in 4-year old Pre-Kindergarten classes as well.

I am originally from Irmo, South Carolina and have lived there my entire life. I am a graduate of Dutch Fork High School and Columbia College, where I majored in Elementary Education and minored in Early Childhood Education. I followed in my mother's footsteps in becoming a teacher. In my spare time I enjoy spending time with my family and friends and also enjoy traveling.

My personal belief is that every child can learn and that I can learn as much from my students as they can learn from me. Again, I would like to welcome you all to my class and to the Carolina School for Inquiry for those families that are new to our community. This is the place truly, "where learning does begin with wonder! Again, I look forward to working and learning alongside your children.

Sincerely,

Miss Dimery
